**Skill Building - Only Option:** You can enrol in just the Skill Building portion of any program if you want the training without the commitment of performing or battling.

**Stage League - Required Classes:** To enrol in a Stage Team, dancers must be enrolled in the required Skill Building classes. While you can take a Skill class at a different time/day than your Team block, you cannot participate in a Team without the corresponding Skill training.

**Electives:** For programs requiring an elective, any Skill or Battle Tactics class qualifies. Note: K-Pop does not count as an elective.
